SUBJECT INDEX 1961

Aerosol infection with *Mycoplasma*, alone and combined with viruses 455
Air sac disease, development of 431
Air sacs in the fowl; anatomy, histology, and reactivity 460
Antibiotics, dipping of hatching eggs with solutions of, for control of PPLO 454
Antigen, cytoplasmic, in a lymphoid tumor of the chicken 392
Arizona cultures from agricultural sources (1959) 145
Aspergillus, cause of generalized granulomatous lesions in chickens and wild ducks 89
Benzalkonium chloride, susceptibility of PPLO to 151
Blood cells, avian, normal and abnormal 454
Bluecomb, control of in turkeys 440
Bronchitis, infectious; effects of rapid embryo passage on virus 157
Bronchitis, several isolates of avian infectious virus; antigenic and immunological studies on 102
Calcium, evaluation of low dietary level in potentiation of Terramycin in laying hen diets 409
Calcium, low dietary level; evaluation in broiler diets in potentiation of Terramycin 183
Candidiasis, in turkeys and chickens in the Sacramento Valley of California 232
CELO virus, study of by agar gel diffusion test 456
CELO virus, tissue-culture propagation and pathology of 312
Chick-embryo-lethal orphan virus, study of by agar gel diffusion test 456
Chlortetracycline, effect of terephthalic acid on activity of 25
Chlortetracycline, resistance to, development of by *Mycoplasma gallisepticum* in chick embryos 283
Coccidial infections, mixed avian; efficacy of certain coccidiostats against 222
Coccidiosis, chickens infected with; acid and alkaline phosphatase levels in 107
Coccidiostats, efficacy of certain, against mixed avian coccidial infections 222
Committee report, on a tentative program for the control of avian encephalomyelitis 456
Committee report, on nomenclature and reporting of diseases 463
Committee report, on the pullorum disease testing results 461
Complement fixation test, modified; procedure for with turkey, duck, and chicken serum antibody 270
Conference on Avian Diseases, 33rd Northeastern, program of 451
Conference, 10th annual Western Poultry Disease, Feb. 1, 1961, Davis, Calif., program 346
Coryza, infectious; studies of an inactivated *Hemophilus gallinarum* vaccine for immunization of chickens against 37
3,5-Dinitrobenzamide, chemotherapeutic activity of, against paratyphoid in turkeys 5
Dispharynx nasuta, causing severe proventriculitis in pigeons 60
Egret and heron losses from verminous peritonitis 135
Embryos, chick; gross abnormalities in from continuous high temperature 177
Encephalitis, eastern virus, in duck embryo fibroblast culture 321
Encephalitis, eastern, virus of in a duckling kidney cell culture system; multiplication and cytopathogenicity of 116

Encephalomyelitis, avian; committee report on a tentative program for the control of 456
Encephalomyelitis, avian; development and application of an oral vaccine 297
Encephalomyelitis, avian; immunization with an inactivated virus 445
Enteritis, transmissible, control of in turkeys 440
Erysipelas, bacterin made from *Erysipelothrix rhusiopathiae* strains H_4 and H_7, antigenicity of in turkeys 327
Erysipelothrix rhusiopathiae, strains H_4 and H_7, antigenicity in turkeys of an erysipelas bacterin made from 327
Escherichia coli, a strain of; a synovitis caused by 218
Escherichia coli, as a complicating factor of Newcastle disease vaccination 132
Fowlpox, titration of virus, "cell agglutination" technique for 139
Furaltadone, water medication, against *Salmonella pullorum* in stressed floor-pen broilers 333
Furaltadone, water medication, in avian Salmonellosis 214
Furazolidone, strains of *Salmonella gallinarum* apparently resistant to 382
Gapeworm, infections in pheasants, field trials in control of 11
Great Britain, histopathology of turkey X disease in 371
Hemagglutinating agent, distinct from Newcastle disease; isolation from the respiratory tract of chickens 253
Hemophilus gallinarum, an inactivated vaccine for immunization of chickens against infectious coryza 37
Hemophilus gallinarum, limited study with cultures of 352
Heron and egret losses from verminous peritonitis 135
Histomoniasis in chickens: age of greatest susceptibility, and pathogenicity studies 355
Hysteria, avian, preliminary observations on 350
Infectious bronchitis virus, avian; antigenic and immunological studies on several isolates of 102
Infectious bronchitis virus, effects of rapid embryo passage on.... 157
Infectious sinusitis, eradication in a hatchery by serological testing 168
Infectious sinusitis, spiramycin in the treatment of in turkeys..... 201
Laryngotracheitis, viability of vaccines 196
Listeriosis, experimental, of turkeys 229
Meetings, third annual, American Association of Avian Pathologists, Denver, Colorado; summary of 2
Miyagawanella, 13 strains of; electron microscopic survey of 121
Mucor Mycosis, osteolytic, in a penguin 367
Mycoplasma, aerosol infection with, alone and combined with viruses 455
Mycoplasma, origin of the S6 strain 154
Mycoplasma gallisepticum, development of resistance by, to spiramycin, streptomycin, and chlortetracycline 283
Mycoplasma gallisepticum, in chickens, effectiveness of several tetracyclines in control of an experimental infection 188
Neoplasia, and Rous virus neutralizing antibodies, in breeder and experimental flocks 337
Newcastle disease, attempts to immunize chickens and turkeys against, by the use of tobacco mosaic virus 362
Newcastle disease, body temperatures of immature White Leghorn cockerels infected with 292
Newcastle disease, *Escherichia coli* as a complicating factor of vaccination 132
Newcastle disease, hemagglutinating agent distinct from; isolation from the respiratory tract of chickens 253

Newcastle disease, resistance to, genetic differences in 204
Newcastle disease, vaccination of chickens against, by vent, wing-web, and intramuscular routes 18
Nomenclature and reporting of diseases, committee report on 463
Northeastern Conference on Avian Diseases, 33rd, program of 451
Ornithosis, comments on diagnosis of 350
Ornithosis, in turkeys, histopathology 94
Ornithosis, in turkeys in Alberta 31
Oxytetracycline, effect of terephthalic acid on activity of 25
Paratyphoid, and paracolon infections, sanitation as an approach to control 350
Paratyphoid, in turkeys; chemotherapeutic activity of 3,5-dinitro-benzamide against 5
Paratyphoid, pathology of in the White Pekin duck, particularly the lesions in the central nervous system 415
Penguin, an osteolytic mucor mycosis in 367
Penguin, King, isolation of an anaerobic vibrio from 243
Peritonitis, verminous, heron and egret losses from 135
Pheasants, gapeworm infections in; field trials in control of 11
Pigeon, removal of an intra-abdominal tumor of, by radical incision 250
Pox vaccines, viability of 196
PPLO, dipping of hatching eggs with antibiotic solutions for control of 454
PPLO, experimental infection in chickens, effectiveness of several tetracyclines in control 188
PPLO, susceptibility of to benzalkonium chloride 151
Program of the 33rd Northeastern Conference on Avian Diseases 451
Program, 10th annual Western Poultry Disease Conference, Feb. 1, 1961, Davis, California 346
Proventriculitis, severe in pigeons; *Dispharynx nasuta* causing 60
Psittacosis, in turkeys, histopathology 94
Pullorum, disease testing results, committee report on 461
Reporting and nomenclature of diseases, committee report on 463
Research, on poultry disease, adequacy of criteria used to evaluate results 348
Rous sarcoma virus, some factors affecting activity in the embryonated egg inoculated via yolk sac 66
Rous virus neutralizing antibodies, and neoplasia, in breeder and experimental flocks 337
Salmonella cultures from agricultural sources (1959) 145
Salmonella gallinarum, strains apparently resistant to furazolidone 382
Salmonella pullorum, in stressed floor-pen broilers, Furaltadone water medication against 333
Salmonella pullorum, hock swellings as a primary lesion of in broiler chickens 144
Salmonellosis, avian, furaltadone water medication for 214
Sinusitis, infectious; eradication of in a hatchery by serological testing 168
Sinusitis, infectious, spiramycin in the treatment of in turkeys 201
Spiramycin, for the treatment of infectious sinusitis in turkeys..... 201
Spiramycin, resistance to, development of by *Mycoplasma gallisepticum* in chick embryos 283
Streptomycin, resistance to, development of by *Mycoplasma gallisepticum* in chick embryos 283
Summary, third annual meeting of American Association of Avian Pathologists, Denver, Colorado, August 15, 1960 2
Syngamus trachea, in pheasants; field trials in control of 10
Synovitis, caused by a strain of *Escherichia coli* 218

Terephthalic acid, effect on activity of chlortetracycline and oxytetracycline 25
Terephthalic acid, evaluation in broiler diets in potentiation of Terramycin 183
Terramycin, potentiation of; evaluation of low dietary calcium in laying hen diets 409
Terramycin, potentiation of; evaluation of terephthalic acid and low dietary calcium in broiler diets 183
Tetracyclines, effectiveness of several in controlling an experimental PPLO infection in chickens 188
Tobacco mosaic virus, attempts with, to immunize chickens and turkeys against Newcastle disease 362
Trichomonas gallinae, histopathological changes in the domestic pigeon infected with 48
Tumor, intra-abdominal, of a pigeon; removal by radical incision 250
Tumor, lymphoid, of the chicken; cytoplasmic antigen in 392
Tumor, lymphoid, of the chicken; virus particles in 400
Turkey X disease, histopathology in Great Britain 371
Vaccine, oral; development and application of, against avian encephalomyelitis 297
Vaccines, pox and laryngotracheitis, viability of 196
Vibrio, anaerobic, isolation of from a King peguin 243
Virus, eastern encephalitis, in a duckling kidney cell culture system; multiplication and cytopathogenicity of 116
Virus, fowlpox, "cell agglutination" technique for quantitative titration of 139
Virus, infectious bronchitis, effects of rapid embryo passage on 157
Viruses, aerosol infection with, combined with *Mycoplasma* 455
Viruses, particles in a lymphoid tumor of the chicken 400
